

FLEXIBLE PVC COMPOUND DATA SHEET

GRADE: C295/40

DESCRIPTION: PVC COMPOUND

PRODUCT FORM: PELLETS

| Property | Test Method | Units | Value |
|-------------------------------------|-------------|-------------------|-------|
| Relative Density- S.G. | BS2782 620A | g/cc | 1.22 |
| Softness-BSS Number | BS2782 365A | | 45 |
| Softness-Shore A Hardness | | | 75 |
| Tensile Strength MN/m ² | BS2782 320A | MN/m ² | 19.3 |
| Extension at Break - % | BS2782 320A | | 320 |
| Modulus at 100% - MN/m ² | BS2782 320A | MN/m ² | 9.4 |
| Cold Flex Temperature | BS2782 150B | ° C | -14°C |

Please note that the above figures are typical values and do not constitute any part of a product specification.

Special characteristics Low toxicity F & DA approved ingredients

Application Extrusion
